### Crooners Presents - Country Crooners with Sherwin & Pam Linton

The first instrument I attempted to play when I was four or five years old was the piano in our living room. Most homes in those days had a piano and several family members who played it. My older sister was in high school and had already learned to play the popular songs of the day and some Classical. I would plunk on the keys thinking I was playing the popular WWII song "The Caisson's Go Rolling Along." By the time I was ten, I was learning to play

guitar. Fast forward to 1973 when I was in a music store in Grand Forks, North Dakota I saw an antique 1865 7' Weber grand piano and purchased it. It was loaded it into a truck and brought it to my Twin Cities home. Since then it has been a show piece in my family room. I play it a little but I am not a pianist but I love it when someone does play this beautiful instrument.

On April 10 and 11 Pam and I will be accompanied on a beautiful grand piano played by Norton Lawellin at Crooners Supper Club in Fridley, MN. Our show is titled "Crooners Presents – Country Crooners with Sherwin & Pam Linton." We will do a 90-minute show beginning at 5:30 PM each evening and sing the songs of Classic Country crooners like Eddy Arnold, Jim Reeves, Dottie West, George Jones, Don Williams, Skeeter Davis and more. We'll be in the Dunsmore Room at Crooners which has socially distanced limited seating with an intimate atmosphere. We hope you will join us as we share many beautiful Country love songs.

## **Sherwin's Song Featured in Television Show**

Stargirl is an American superhero television series which airs on the streaming service DC Universe. The show is based on the DC Comics superhero Stargirl. Stargirl Courtney Whitmore is a high school student who discovers a cosmic staff and becomes the inspiration for a new generation of superheroes known as the "Justice Society of America." The television show is filmed in the Atlanta metropolitan area in Georgia and it's first season of 13 episodes premiered in May of 2020.

We are excited that a portion of Sherwin's 1962 song "Twist A Hole In The Ground" has been featured in Episode #106 of this show which initially aired on June 23, 2020. Click the link below to view the show. You will hear the song segment about 25 minutes into the episode in a 1950's diner scene. You will hear the saxophone intro and a few lines of Sherwin singing "Twistin' around and up and down." For this Sherwin was paid a handsome BMI performance royalty.
